“ We laughed we worked and shared our thoughts, of family friends and kids, I'm thankful for Regan E. Williams, and all for us she did.
As long as we that live, give thought to the life she shared, her spirit lives on, in each of our hearts, a spirit precious and dear...

I'm thinking of You all. Regan and I worked together (since 2001)and we were more like family vs. co-workers. May it bring you comfort knowing that I care deeply and I'm remembering you during this time of bereavement. May love become your shelter and may the beauty of precious memories be your comfort. “ My Dear Hannah please remember the follow words:

Be Still

Be still like the grass on a melancholy summer day
Be still like desert shrub.

Be calm and you will hear your loved one speak, in the stillness, in the calm, their love resounds.

If you are still this promise I make, you will hear the voice of your loved one helping you along your way.

I know that you are going through something that no child should have to go through at this point in their life...But gather the strength and courage that you're Mother taught you to help see you through this time and remember that you have many wonderful family and friends that love you that will be there for you!
